About us

We understand that life as a carer can be challenging. Getting the support and help you need shouldn't be.

Any of our lives could be turned upside down due to the ill-health, frailty or disability of a family member or friend. In fact, two in three of us can expect to become a carer in our lifetime.

There are currently 5.7 million unpaid carers in the UK, however carer charities estimate that number could be as high as 10.6 million. Their huge contribution saves our economy £184 billion each year - the cost of a second NHS. Each carer's needs and situation are unique, but many face similar challenges. They can struggle to balance employment, finances, or their own wellbeing and time for themselves with their caring role. They may not be aware of the help and support available to them - and that is why we are here.

Carers First works directly with, and for carers, providing personalised information and tailored support in the way that suits them: online, on the phone, or face to face in their local community. With the help of our supporters and volunteers, we can continue to be there for carers, helping them find balance, and to live their lives to the fullest - today, and for years to come.

Our values

We are:

Positive

We are dedicated to working with carers to make a positive, material difference in their lives. We celebrate diversity and work in an inclusive, positive and supportive way, actively listening and valuing everyone's contribution.

Collaborative

We recognise the importance and strength of working in collaboration with local and national organisations to deliver improved support to carers. We also know the importance of collaborating with our Carers First colleagues, sharing knowledge and learning, being curious, respecting differences and working with integrity and transparency.

Ambitious

We are ambitious and tenacious in our determination to support more carers in better ways. We will innovate and develop our programmes of support, so more carers are able to obtain the support they need, at the time they need it, to achieve a balance in their lives and enable them to live their lives to the fullest.

Diversity and Inclusion

We are proud to be a diverse and inclusive workplace.

Carers First is committed to promoting equal opportunities in employment. Employees and any job applicants will receive equal treatment regardless of age, disability, gender reassignment, marital or civil partner status, pregnancy or maternity, race, colour, nationality, ethnic or national origin, religion or belief, sex or sexual orientation (Protected Characteristics).

Carers First has an absolute commitment to equality and diversity which is about:

- Recognising and valuing difference.
- Recognising and seeking to redress inequality and disadvantage.

Our commitment is firmly founded on our belief that:

- To offer services that are personal, committed and creative we need a diverse staff team who can respond to our carers as individuals.
- To attract, keep and motivate the most talented staff, we need to:
 - Reach out to all sections of the community.
 - Provide a working environment in which everyone feels valued, respected and able to contribute.

The charity recognises that true diversity in service delivery provision and within the staff group also involves a willingness to act, where necessary, at combating the effects of existing barriers to fair and equal treatment.

Our strategy 2024-2027

Our three-year strategy will enable us to grow our work to reach and support significantly more carers, deliver innovative programmes of support in coproduction with carers and forge new collaborations to scale our reach, support and impact for carers.

Strategic Objectives

Over the next three years Carers First will:

1. Reach and engage more carers early in their caring role
2. Develop new innovative models of collaboration, delivery and programmes with the potential to scale our reach and impact

4. Champion talent and diversity
5. Grow and diversify our income to enable us to achieve more for carers.

By joining Carers First, you will play a vital part in helping us achieve this. You can help us achieve something amazing.
